### Thursday, July 16, 1885.

The need of new school houses is quite apparent, when it is remembered that the scholastic population of son Automia is 763, being 167 more than Galveston, and still increasing.

and still increasing.

Bennes timber and pilling for the Araness rood are now at this end, and it will only be a few weeks until cugine No. will wake the echos of the Salado with the amaic of its whistle.

Thu salaseriptions to the Volkefest celebration to be held to Outober, should be liberal. A State milliary cocomposent will prove a treat of rare merit to our people, and would make the Volkefest a grout success.

people, and would make the Volkefiest a great moores.

Lance troubles seem to be the only excitement of interest in the Rost, and the sir is flid with strikes and rumors of strikes at a number of prominent manufacturing cities. The times are out of joint saily.

The prohibition law goes into effect in Limestone county on Friday, the Math instant, and a correspondent of the Gaission News suggests that the vives and mother-prepare thanks giving distances on that day in hincer of the event.

The papers have let up somewhat on the expital building controversy, and are describing their extra space to estimating the grand crops to be harvested in Texas (the year, Cotten, ratile and core is the basic of the wealth this year, and will make the fall business boots.

The striking iron mill mon and the po-lice in Cleveland, Ohio, and a meeting yesterday, in which the buttle lasted about five minutes, and 30 of the strikers were clubbed down, and a musher of pulles wanneded, but the riot was qualled for the time being.

or the time being.

This festive burgiar and midnight rewire continues to afflict the people of function, and the risk of discovery as the finding of the north pole. But for that matter there have been quite a number of attempts of the kind in this fity which were not mearibed.

DECIVING vegetable matter, melon tinds and etaguant points all ever the city are eleganed reguments for complete and earnest work in the way of canitation. The for weather will be productive of much sickness, and every individual should one that his premises are kept in order.

the of much sickness, and every individual should see that his premises are kept in order.

The Laure has received Messes, Morrison & Fourany's General Directory of the City of Aneths he 1856, a large and complete publication, which is also secongraised with a fine image the edity. These gentlemen are the directory mobilists of the State and give good satisfaction at all times.

In women somewhat paralyze the indian Territory bounders if the scheme of colonizing the wild Western Indian Persistent in the territory is carried out. The bouncers would cause to bound, in fact they would be pleading for the protection of the troops they have visibled so strongly the past few months.

It is alleged that the fraind attempted in the courthness conferences at 21 Take would have "done up" the country to the time of \$50,000. Disappelanced positive in a single protection of the strong strong the past few months.

However, when the protection of the country in the time of \$50,000. Disappelanced positive and parallel to the protection of the interest patient.

However, where we have a first-class United States military post, equal if not superior to that in this city. It is claimed that if is becomes for the protection of the count. That is good argument, and at least 10 regiments of develop and for everywheren at Houston to prevent the piratical enconveniment of the stand on Calvesier bar.

On a New Virianas mornant little events.

crombined of the said on Gairesion har.

One New Orleans increment believes in the Sainray harf-holding increment, and has Sainray harf-holding increment, and has Sainray chosed his store at 2 octoes. On this subject the Times-Democrat says "There is no reason, why the Consi street merchanis cannot give this Sainray half-holding to their surployers, in cominer at least. New York does five times the sammer bostess of this city, and yet? It has had this system is upperation for several weeks, and the uncertaints for here pronounce strongly in favor of it as not only beneficial to the cierus, but for themselves also, reducing expenses without affecting business in the least, driving none of it away, but commentating it have Sainray day formoun."

business in the least, driving none of it away, but compeniating it late Setter and forecome.

"History Gromma land scheme," says also was Day, "is that a visit staid lease 3 per cont. bonds, buy lands to be subdivided into larms of 28 acres and suddivided into larms of 28 acres and sold to the landless on time, with 5 per cent. Interest. Many worthy people would be benefited by the adoption of such a pion, but the additions and thrift-less would be a furnion, under it. Several years ago, a Louisians law yet wrote a book entitled Ten Acres Knough, and lately some other genius has lessed; a companion volume which he calls "Free Acres Too Much." This illustrates the impractifility of any general system, spepiled to all more alike, as if each had upual todaysty and intelligence. Perhaps, after all, it is better to let the world feech or, recognizing the faut that some must work while some must seep."

world rock on, recognizing the fact that some most work while some must seep."

This general growth of Secialist tendercles and the success of Paraellitation of the sound of the sound of the sound interest to the position of the sould group of Secialists in the Carginal Intelligence of the sound group of Secialists in the German Richelsag or Parliament. They have been for some years the thorn in Hamarek's slide, all the more because they oppose his own semi-soulalistic reforms as mere blinds to recumble the body of the people to personal despetient. A writer in the August Harper's. Mr. Edwin A. Carley, is to give a sketch of the personnel and progress of this group which is likely to street no little attention. The Socialists have had to light their battles under the most vigorous repressive measures which limarek could devise, and currious senders are toid of their ingentity in electing their candidates. One morning at Munich, an appeal to Vote for Vollmar' was found posted all over the district with such alroad paste that the whole force of gendarmes spent hours excepting the little posters off, whereat an ingenious bill-sticker quietic pasted one of the diffensive bills on a gendarme's carrivings hox, and made him a walking carriaser for the Socialist candidate. A number of portraits will illustrate the article.

carrasser for the Socialist caudidate. According to the article.

How it was the progressional District borders upon the Indian Territory, thinks the only way to control the Cheyenne Indians is by force and absolute military raise. The Cheyenne have always been turbulent, and will stways be one of the military raise. The Cheyennes have always been turbulent, and will stways be one and ne-dingle agent has been equal to the risk of handling them with satisfication. On this indian question the Globe-Democrat ways. "The Texans are tilled with wrath at the proposition to locate the Apaches in Greer county, and apparently with good reason. Greer is a Northwestern county of Fexas, and is the herritory the ownership of which has been so long in dispute between Texas and the United States Government. The country lies between the forks of the Bed friver, and whether it belongs to Fexas or is a part of the indian Territory is yet to be settled. As about 4830 square nalice of reasonably good loads are located in the limits of the country, the Texas people naturally feel that whatever of benefit is to be had from it ought to be realized by themselves. There is, besides, a growing settles.

Which Was She?

A nertain Turk, asserding to Mr. F. H. Hirochton, was once contried to a velled indy in while in the presence of the Sultan. As seen as the ceression year condition, the Drile opportunity of the property of

No POULTY is amounted in the early history of the world that '91, not good for man to be alcow," and it amountedment has received the show universal inforcement of our race. In may be that some are discouraged frequent failures—that is, those will failed to many those they shade. It has shade see that would seem to apply the supposed that the men will to proper the state of the s the courting. But a close electron will concritine admit that the halles take pair in it. I come heard of a party who also and it is not been also as a constraint of a large with the same and a large would become before the would relinquish the idea of marriage, and the acover was, "My on, go selv some one sider then." I people will marry. It is consesser that they should. But they should large diget in the secondar it with our generally great. These who write if love generally reals made in the secondar if with our generally reals and poerry. Love and hearty great hand in hand sometimes, but poerry is generally infinitely. But the secondar it with our givenes, uncoming the love of the secondary in the secondary in the secondary is a poet in his core consent. A transition dies of love, and whether or tour, she resignees the passion of the young fellow who be betting out its surprise and the secondary of him on the first number. I start of lines in the secondary is not finite on the first number. I start of lines in the secondary is not of him on the first number. I have it lies not not the secondary of him to the first number. I have it lies not not the secondary of him on the first number. I have it lies not not not the secondary of the secondary of him on the first number. I have it lies to the number of him on the first number. I have it lies to the number of him on the first number. I have it lies to the number of him on the first number. I have it lies to the number of him on the first number of him on the first number of him on the secondary of him on the number of him on the first number of him on the secondary of him on the number of him on the secondary of him on the number of him on the secondary of him on the number of him on the nu
